

UAP as NHI Probability Worksheet

Date: 3/6/2025

Case: Paul Trent

Location: McMinnville, OR

Event Date: 5/11/1950

A. Eyewitness Testimony of Anomalous Craft (choose one)		>>>	50
1 Eyewitness	0 Pts		
1st Hand Professional (pilot, police officer, astronomer, or other trained observer)	25 Pts		
2 Eyewitnesses	50 Pts		
Multiple Eyewitnesses (3 or more from same location)	75 Pts		
2 Professional Eyewitnesses	100 Pts		
Mass Local (20 or more in immediate vicinity)	125 Pts		
Multiple Professional Eyewitnesses (3 or more)	150 Pts		
Mass Geographic (50 or more across same or multiple locations within flight path)	175 Pts		
Flap (100 or more across proximal locations over a number of days)	200 Pts		
B. Multiple Anomalous Craft (add same number of points from "A")			X
C. Humanoid Being also Witnessed (add same number of points from "A")			X
D. Observables & Flight Characteristics			
Abrupt Flight Patterns (ie. sudden change in direction, looping pattern, erratic behavior) .	100 Pts		X
Instantaneous Acceleration or Deceleration	75 Pts		75
Hypersonic Velocities (travels at seemingly impossible speeds)	50 Pts		50
Wobbles or Falls Like a Leaf	25 Pts		25
Hovers in Place for Extended Period with no Propeller Sound (only if within 500 yards) ..	25 Pts		X
Elusive Visibility (changes shape, no distinct shape, disappears & reappears)	25 Pts		X
No Signs of Propulsion or Usual Flight Surfaces (ie. no engine, exhaust, wings)	25 Pts		25
No Sound or Odd Sound (ie. humming, whirring, beeping, buzzing, pulsating)	25 Pts		25
Strange Odor (ie. sulphur, ammonia, ozone)	25 Pts		X
Unconventional Lights or Craft Color (ie. silver, pulsating glow, amber, single light)	25 Pts		25
E. Proximity to Object or NHI (choose one if applicable)		>>>	25
Within 1,000 Yards	25 Pts		
Within 500 Yards	50 Pts		
Within 100 Yards	75 Pts		
Within 10 Yards or Landed	100 Pts		
F. Sighting Duration (choose one)		>>>	25
Less than 1 Minute	25 Pts		
1 to 5 Minutes	50 Pts		
More than 5 Minutes	75 Pts		
G. Accompanying Visual (choose one if applicable)		>>>	100
If Video Does Not Align With Testimony of "D" Observables	0 Pts		
Drawing	25 Pts		
Photo (double if professionally analyzed as authentic)	50 Pts		
Video (double if professionally analyzed as authentic)	100 Pts		
H. Accompanying Radar Signature			
Radar Technician Testimony of Anomalous Readings	25 Pts		X
Actual Radar Documentation of Anomalous Readings	75 Pts		X
I. Physical Evidence			
Ground Impression Photos or Casts (ie. vegetation disturbance, landing gear marks)	25 Pts		X
Irradiated Soil Samples, Area Burnt, Dead Vegetation (ie. blown crop circle nodes)	50 Pts		X
Moderate Skin Burns, Welts, or Radiation Exposure	75 Pts		X
J. Affected Electrical or Electronic Components (ie. engine, instrumentation, battery, lighting)	25 Pts		X
K. Unlikely Secret Human Technology (*add if date of case is prior to 1960 or NHI also observed)	50 Pts		50

*Notable Craft Behaviors or Sighting Details Not Listed Above:

Estimation of distance based on photographic analysis is between 1/2 and 1 mile, which falls within 1,000 yards on the low end.

TOTAL ADDITIONS (SUBTOTAL)

(Carry Over to Pg. 2)

>>>>>> 475
